District Summer Picnic
The District site held our annual summer picnic this week. **Trustee Prinsky** and **Trustee Hornbuckle** joined in the fun at the Horticulture Garden at OCC. It was a beautiful day and filled with great fun and great food. I would like to acknowledge our District Employee of the Year, **Seyi Awoleye**. Seyi works as an Accounting Technician in the Fiscal Affairs office and while remaining behind the scenes, provides excellent service and value to the District. Congratulations to Seyi and to all of the nominees for the 2013 Employee of the Year.

Academic Senate Presidents Meeting
I was happy to host the Academic Senate Presidents this week. We were able to discuss the coming academic year and I asked them to help us chart the participatory governance structure. We also discussed the IT reorganization and how it may impact Faculty. As we move toward a new semester, I will continue to consult with this team on academic matters and look forward to working together to accomplish goals including the completion of a successful accreditation visit follow-up in the Spring.

Congratulations, Retirees!
Please join me in congratulating our recent retirees that attended Wednesday's Board meeting: Coastline's **Zeke Gracia** and OCC's **Anna Katsuki**.
Launchpad Conference

I wish to extend an invitation to the first Coast Launchpad Conference which will be held on September 6 in the Board Room. The event will feature Gene Wade as the keynote speaker. Mr. Wade is the founder and CEO of UniversityNow and has been a featured guest on many TED Talks. Mr. Wade will be speaking on the future of higher education and will also participate in a panel discussion with audience questions welcomed. I am excited that Coast is able to host such a prestigious guest and invite all members of the Coast family to join us for lunch on September 6. Please see the attached invitation and RSVP information.

Sincerely,

Student Success Center now at each Coastline campus
Story courtesy of Daniel Pittaway, Student Success Instructor/Coordinator dpittaway@coastline.edu  www.coastline.edu/ssc

Did you know that Coastline currently has three Student Success Centers? They are located at the Le-Jao Center campus, Newport Beach campus, and Garden Grove Campus. In addition, tutoring is offered at College Center. The Newport Beach SSC is the newest and perhaps the best example of what all SSCs will look like in the future. Some students come to study independently and quietly, while others come with classmates to study as a group. There are computer stations, private study carrels, and tables for group work. Tutors walk around and check in with students and are also available for students who come specifically to meet with a tutor to review an assignment or discuss course content. Students may also print assignments at the SSCs. Overall, the SSCs are a meeting place, study space, and all students are welcome. Soon, SSC wallet cards will be distributed in classrooms at all sites highlighting the locations and services offered at the SSCs. Encourage your students to take one!

Coastline HR update
Please help me welcome the newest FT Coastline employees:
Eric Garcia, FT Counselor
Evette Reagan, FT Instructor of Psychology and Intellectual Disabilities Coordinator

Mary Halvorson, Interim Dean, Newport Beach Center

Retirements (summer through fall): Ted Boehler, Dean of Instruction; Debbie Desmond, Faculty member; Cynthia Plenkowski, Director of Financial Aid; and John Giaconia, Information Systems Technician. A farewell reception will be held in the fall.

Transfer: Martha Tran Nguyen, from the One-Stop to A/R Tech II

Reassignment: Mai Le, Staff Aide, Career Center
Fall enrollment is strong district-wide
Compared to last year’s registration counts as of the first week before the start of fall, CCC is 13% above last year’s resident FTES trend. Below is a snapshot of our enrollment compared to fall 2012.

These numbers are great, but there are a few coming events that will impact our FTES. There is still at least one additional “Drop-for-Non-Payment” scheduled before the first day of instruction. As usual, we can also expect a few students to drop classes during the first 3-weeks of instruction. Additionally, faculty will be dropping students for non-attendance and a few low-enrollment classes will be canceled. We also need to remember that there will be a slight correction of about -50 FTES to our numbers due to the conversion of Non-Credit FTES to Credit FTES.

Nonetheless, I want to thank all Coastliners who are working hard to advertise the college, recruit students, and fill our courses and programs. From answering the phones to printing the class schedules, to walking our students through the registration process (sometimes step-by-step), every one of you plays an important role in helping the college, and the district, meet our FTES goals.

APIASF offers $2,500 scholarships for Asian and Pacific Islander Students
The Asian & Pacific Islander American Scholarship Fund is again offering scholarships in the amount of $2,500 each to students who are of Asian/Pacific Islander ethnicity, are a U.S. citizen, national or legal permanent resident, and will be enrolled at Coastline Community College as a full-time student in the spring 2014 semester. Complete scholarship information, as well as the online scholarship application, can be found at http://aapiapisscholarship.apiasf.org. This is an honor for Coastline and our students, and we would like to have a large pool of scholarship applicants to present to them. Faculty, please encourage your students to apply. Applications are due October 11.

OCC Professor Among Five Educators to Win Colorado Fellowship

Friday, August 23, 2013

Renée Kubiak, professor and coordinator for Interior Design at OCC, was one of five educators across the United States granted fellowships to participate in a week-long workshop on universal design and college curriculum.

Other recipients were from University of Texas, Syracuse University, University of Alabama and Stephen F. Austin State University. The workshop/seminar involved staying at and learning from the universally designed Green Mountain Ranch in Colorado, home of well-known author, lecturer and Harvard instructor, Cynthia Leibrock.

Renée presented a three-hour lecture on infusing universal design concepts and elements into the OCC Interior Design curriculum by sharing how she combined her sabbatical research to create a student project and lecture for entry level students in ID 105 - Studio 1.

Two semesters of student work were documented through photographs, with examples of student oral presentations placed on YouTube. Renée stated that this was a truly worthwhile experience, helping continue to build knowledge and purpose throughout the ID curriculum. “The collaboration of diverse information and valuable feedback from the other professors and Cynthia were inspiring. I feel extremely fortunate to have been given the opportunity to represent OCC and the ID Program. I believe we are definitely on the right track!”

OCC Donates Old Computers to Local Schools

Orange Coast College will donate 760 surplus computers to Newport-Mesa Unified School District, Huntington Beach City School District, Huntington Beach Union High School District and Fountain Valley High School. Coast Community College District Board of Trustees determined that the computers were too old to be useful at the campus, but could provide useful training opportunities for local schools.
OCC Theatre Opens Season With “39 Steps”

Orange Coast College Theatre Department will open its 2013-14 season with an entertaining comedy, “The 39 Steps,” on Friday through Sunday, September 6-8, at 7:30 p.m. in the Drama Lab Studio Theater. The award-winning play, directed by David Scaglione, spoofs the great English thriller using five daring – and energetic – actors to portray more than 100 zany characters.

Written by Patrick Barlow and John Buchan, the play mixes a Hitchcock masterpiece with a juicy spy novel to create a fast-paced whodunit. “39 Steps” won two Tony awards and a Drama Desk Award, as well as the Laurence Olivier Award for the Best New Comedy in 2007.

Tickets are $5 advance at www.occtickets.com or 714-432-5880 and $7 at the door.

OCC Students Win Scholarships at Laguna Beach’s Art-A-Fair

Selling their work alongside 125 professional artists at this summer’s Art-A-Fair festival are two Orange Coast College students, awarded with scholarships and the opportunity to exhibit by Laguna Beach’s Art-A-Fair Foundation.

The first-time recipients, Jared Sislin of Dana Point and Amanda Criss of La Habra, each already have developed their own unique styles, but share a passion for self-expression through a common medium, photography. Coincidentally, both plan to attend Orange Coast College to pursue their future aspirations; Jared plans on sticking with photography, while Amanda wishes to pursue another talent, the culinary kind.

Art-A-Fair, the finer arts festival in Laguna Beach, will admit all visitors free of charge during its Customer Appreciation Weekend, August 27 and 28, the festival’s final weekend of the summer season.
