This Week at the District

Labor Day
This week began with a celebration of Labor Day. According to the United States Department of Labor, Labor Day can be attributed to the labor movement in the country and is “dedicated to the social and economic achievements of American workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of our country.” While I hope everyone enjoyed the holiday, I want to be sure that we recognize and note the contributions of our own labor force to the strength and prosperity of our Colleges. It is our people – our staff, faculty, and managers that create success for our institutions and, more importantly, for our students and it is appreciated.

Orange County Legislative Task Force
Coast is host to this year’s Orange County Community College Legislative Task Force (OCLTF) and the first meeting was held this week. The OCLTF was pleased to hear that several of the initiatives they have been advocating for are now awaiting the Governor’s signature, including resident tuition for Veterans, the creation of a tax credit contribution to increase CalGrant funding for students, and a pilot program to offer baccalaureate degrees from community colleges for technical and career programs. This year’s OCLTF discussed focus topics and will be working to develop positions related to advocacy for the coming legislative season. The task force meets monthly and is comprised of representatives from each of the four community college districts in the county.

Enrollments
This semester has already proven to be a very busy one! Below is a chart showing the enrollment figures for each College. It is important to remember that these numbers are headcount, and not full-time equivalent student (FTES) numbers. Reported FTES are not calculated until later in the semester. Throughout the state, there are varying enrollment trends, with some colleges experiencing significant increases and others experiencing declining enrollments. Once they have established the FTES numbers to report to the state, I will provide an update and trend data.
