

## BOARD PRIORITIES

2025-27

#1: Student success and completion is the Board's highest priority.

#2: The Board supports the goals it has set for the Chancellor and the goals and objectives in the District-wide Strategic Plan.

#3: The Board's decisions and actions advance the work of faculty, classified professionals, and administrators to achieve long-term fiscal stability and integrity.

#4: The Board considers the trends and shifts in demographics, economy, state and federal policies and funding, and technology when establishing Board Policies and District budgets.

#5: The Board focuses on innovation and critical infrastructure, including facilities, cybersecurity, and emerging technologies that advance learning and student support.

#6. The Board actively engages and collaborates with the local community in order for the District and its Colleges to fulfill their missions.
