## INDEPENDENT AUDITOR'S REPORT

The Board of Trustees  
Coast Community College District  
Costa Mesa, California

We have conducted a performance audit of the Coast Community College District (the "District"), Measure M General Obligation Bond funds for the year ended June 30, 2022.

We conducted our performance audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe the evidence obtained provides a reasonable basis for our findings and conclusions based on the audit objectives.

Our audit was limited to the objectives listed on page 3 of this report which includes determining the compliance with the performance requirements for the Proposition 39 Measure M General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for Coast Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of Coast Community College District to determine the audit procedures that are appropriate for the purpose of providing a conclusion on the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express any assurance on the internal controls.

The results of our procedures indicated that, in all significant respects, Coast Community College District expended Measure M General Obligation Bond funds for the year ended June 30, 2022 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

MEASURE M GENERAL OBLIGATION BONDS  
BACKGROUND  
June 30, 2022

---

**LEGISLATIVE HISTORY**

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school and community college districts, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55 percent of the electorate.

Education Code Section 15278 provides additional accountability measures:

1. A requirement that the school or community college district establishes and appoints members to an independent citizens' oversight committee.
2. A requirement that the school or community college district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

**COAST COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BONDS**

The Measure M Bonds are issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California Education Code, and other applicable provisions of law. The Bonds are authorized pursuant to a request of the District made by a resolution adopted by the Board of Education of the District.

The District received authorization at an election held on November 6, 2012, to issue bonds of the District in an aggregate amount not to exceed \$698,000,000 to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55 percent of the votes cast by eligible voters within the District (the 2012 Authorization).

Pursuant to the requirements of Proposition 39, and related state legislation, the Board of Trustees of the District established a Citizens' Bond Oversight Committee and appointed its members. The principal purpose of the Citizens' Bond Oversight Committee, as set out in state law, is to inform the public as to the expenditures of the proceeds of the bonds issued pursuant to the Measure M bond authorization. The Citizens' Bond Oversight Committee is required to issue at least one report annually as to its activities and findings.

COAST COMMUNITY COLLEGE DISTRICT  
MEASURE M GENERAL OBLIGATION BONDS  
OBJECTIVES, SCOPE, METHODOLOGY AND CONCLUSION  
June 30, 2022

---

**OBJECTIVES**

The objective of our performance audit was to determine that the District expended Measure M General Obligation Bond funds for the year ended June 30, 2022 only for the purposes approved by the voters and only on the specific projects developed by the District's Board of Trustees, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

**SCOPE**

The District provided to us a list of all Measure M General Obligation Bond project expenditures for the year ended June 30, 2022 (the "List"). An approximate total of 1,762 transactions were identified, representing \$37,433,527 in expenditures from July 1, 2021 through June 30, 2022.

**PROCEDURES PERFORMED**

We performed the following procedures to the List of Measure M General Obligation Bond project expenditures for the year ended June 30, 2022:

- Verified the mathematical accuracy of the expenditures list.
- Reconciled the List to total bond expenditures as reported by the District in Measure M Bonds audited financial statements for the year ended June 30, 2022.
- Selected a sample of 42 expenditures totaling \$20,868,477. The sample was selected to provide a representation across specific construction projects, vendors and expenditure amounts. Verified that the expenditures were for authorized projects, and were to repair, upgrade and construct facilities and expand college education centers.

**CONCLUSION**

The results of our tests indicated that, in all significant respects, the Coast Community College District expended Measure M General Obligation Bond funds for the year ended June 30, 2022 only for the specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

**(UNAUDITED)**

COAST COMMUNITY COLLEGE DISTRICT  
NOTE TO SUPPLEMENTARY INFORMATION

June 30, 2022  
(UNAUDITED)

---

A compilation and comparison of project soft costs for projects that have been completed by the District during fiscal year 2021-2022 and for which full costs is reflected as of June 30, 2022. Soft costs consist of items that are not considered direct construction costs and include architectural, engineering, financing, legal fees, and other pre- and post-construction expenses.

The following projects were completed during the fiscal year 2021-2022:

- CCC College Center Student Support Center
- GWC Gym Weight Room Roof Replacement
- GWC LAC Swing Space
- GWC LRC Inverter Replacement
- OCC Language/Social Sciences
- OCC Maritime Academy Expansion
- OCC Parking Lot Improvements

"Cumulative Soft and Hard Cost Categories as a Percent of Construction Costs" illustrates total cumulative soft and hard cost by each of the categories as a percent of construction costs. This is intended to give a sense of the proportion of the soft and hard cost elements within the project. Construction cost was used as the base because this is generally the most important driver of soft costs.
